

IDEAL & WRS
SADDLE COMPANY LTD

Dressage Saddles.

**STYLE.
PERFORMANCE.
DURABILITY.**

Ideal Saddles are a market leader in the design and manufacture of fine saddles. For over thirty years we have been based in Walsall, the home of English saddlery, and we believe our range of saddles offers unrivalled choice in quality and style for the discerning rider. With skilled fitting, the finest workmanship and our trademark flexibility we create the Ideal Saddle. Ensuring that both rider and horse achieve their best.

HAND-CRAFTED PERFECTION.

Ideal Saddles are a market leader in the design and manufacture of fine saddles. For over thirty years we have been based in Walsall, the home of English saddlery, and we believe our range of saddles offers unrivalled choice in quality and style for the discerning rider. With skilled fitting, the finest workmanship and our trademark flexibility we create the Ideal Saddle. Ensuring that both rider and horse achieve their best.

THE HEART AND SOUL OF THE IDEAL SADDLE.

The heart of the Ideal Saddle, a WRS saddle tree, has been fashioned through exhaustive research and development, being designed and tested by some of the world's elite riders, thus provides an exceptional fit on the horse.

All trees are manufactured from birch wood laminate veneers in a unique 3D jigsaw method; clamped together and then oven cured for superior strength.

The more open arch gives good clearance on the horse's withers. The points are specifically designed so as not to impede the horse's shoulder movements. The angle of the side bars allows for a narrower twist, enabling the rider to achieve a closer leg position to the horse.

The bars are also anatomically constructed to follow the contours of the horses back.

All our trees are manufactured to surpass the latest British Standard BS 6635:2015

If the tree is the heart of a saddle then the leather is its soul. Ideal knows more than a little about leather and is expert in sourcing the finest materials for its products to ensure every item of saddlery is made from the most appropriate leather of the highest quality.

"I'm delighted with my Ideal saddle. It is very comfortable and perfectly fits me and my horse. It gives me a close contact and the feel that I need to ride the higher level movements!.

HAYLEY WATSON-GREAVES

Lynx Pro Dressage

Manufactured on our own tree which has been constructed to encourage and allow the horse to 'lift' under the rider. The ergonomic front block offers the correct support whilst allowing lower leg autonomy and the mono flap design ensures closeness between rider and horse. This saddle is fitted with a shock absorbent neoprene lined panel as standard.

Finished in superior materials and supplied with a matching girth and hide wrapped leathers.

Sizes 17", 17½" & 18"

Applications Dressage, Flatwork, Training

RANCH BLACK SALA MILITARY

Impala Professional Dressage

Intended to be the perfect partner to our Impala Pro Jump Saddle. The Impala Pro Dressage has the same unique flap design as the Pro Jump, making close contact riding a certainty.

Supplied with a matching leather girth and hide wrapped leathers.

Sizes 16½", 17", 17½" & 18"

Applications Dressage, Flatwork, Training

RANCH BLACK SALA MILITARY

Lynx Twin Flap Deluxe

Like the Lynx Twin Flap, this dressage saddle design was primarily for warmblood and thoroughbred horses with wide bearing surface to increase comfort and with a shock absorbent neoprene lined panel to reduce pressure. On the same tree as the Lynx Twin Flap Dressage with a more elegant look. This versatile tree fits a wide range of horses especially maturing horses and those with a longer wither.

Sizes 15½" to 19"

Applications Dressage, Flatwork, General Riding, Training

Martine Dressage

Constructed on the same tree as our popular 1650 Suzannah Dressage Saddle. The Martine comes with a unique design stitched into the sumptuous covered flap and the front has a close cut profile to maximise shoulder freedom.

Sizes 17", 17½" & 18"

Applications Dressage, Flatwork, Training

Tonishia Supreme

The tree in this saddle has been technologically designed to allow room for the muscle mass found at the thoracic part of the trapezius (base of wither).

This prestigious saddle comes in a material choice to suit you and is available with a 'cupped' block (supreme model). A truly inspired saddle that is already proven and esteemed by many top riders and their horses.

Sizes 16, 16½", 17", 17½" & 18"

Applications Dressage, Flatwork, Training

Suzannah Dressage

We noticed that of late we were being repeatedly asked to make the same modifications to our dressage saddles, on further investigation and talking to our customers it became apparent that we were missing a sector in the dressage market. Well-schooled horses develop a back profile that necessitated a new tree design; here is the result - A serious saddle for the serious rider.

Sizes 16½", 17", 17½" & 18"

Applications Dressage, Flatwork, Training

Roella

This saddle is same in design as our Suzannah 1650, but is constructed on a tree with a narrower waist, therefore will suit the more petite rider.

Sizes 16½", 17", 17½" & 18"

Applications Dressage, Flatwork, Training

Jessica Professional

A new design of the ever popular Jessica saddle, which offers more panel for increased bearing area but still allows freedom of movement with a wide gullet. It has slightly larger knee-rolls with contoured ghost-lines in the knee-pads. A comfortable, affordable and functional dressage saddle with that added bit of style.

Sizes 16", 16½", 17", 17½" & 18"

Applications Dressage, Flatwork, Training

Stuttgart Junior Dressage

This saddle has been created with the junior competition rider in mind. Studies have shown that many dressage saddles leave the younger rider feeling 'detached' from their mount. We have specially designed the tree and panel of the Stuttgart to allow a more unified feeling between pony and rider. The block is positioned to act as a supportive aid when required.

Sizes 14", 14½", 15", 15½", 16" & 16½"

Applications Dressage, Flatwork, Training

Jessica

Since its launch on the 286 tree the Jessica has been a true winner. Designed to meet continual demands for a comfortable, affordable and functional dressage saddle, it has been met with constant praise. The primary advantage of this tree is to allow a wider gullet which allows freedom of movement and at the same time increases the bearing area in contact with the horse - giving more opportunity for horse and rider to realise their full potential.

Sizes 16", 16½", 17", 17½" & 18"

Applications Dressage, Flatwork, Training

Podhajsky

This saddle was designed and built with Colonel Alois Podhajsky, then Director of the Spanish Riding School, to address the need for a sound, comfortable saddle which facilitates a deep seat without a restricted 'locked seat'. Working Podhajsky saddles have been used in the school for well over 20 years, for training rider and horse. A saddle with proven history.

Sizes 17", 17½", 18" & 18½"

Applications Dressage, Flatwork, General Riding, Training

RANCH BLACK SALA MILITARY

Ideal Dressage

The Ideal Dressage has the same flap size and style as the Jessica but is built upon the standard 10.5" seat tree, and suits the more petite rider.

Sizes 16", 16½", 17", 17½" & 18"

Applications Dressage, Flatwork, Training

RANCH BLACK SALA MILITARY

Rebecca Dressage

Developed as a grass roots flatwork saddle. A versatile saddle that suits a wide range of horses and riders. The seat and block have been designed to be supportive without being restrictive making it functional in a dressage arena yet versatile enough to go for a sedate hack. Also available as a show cut saddle.

Sizes 16½", 17", 17½" & 18"

Applications Dressage, Flatwork

RANCH BLACK SALA MILITARY

Lynx Twin Flap

Lynx Twin Flap: A dressage saddle designed primarily for warmblood and thoroughbred horses with wide bearing surface to increase comfort and reduce pressure. On the same tree as the Lynx Pro Dressage, giving the same high quality ride.

Sizes 17", 17½" & 18"

Applications Dressage, Hacking, Flatwork, General Riding

RANCH BLACK SALA MILITARY

Hayley W.G Dressage

Designed by International Grand Prix rider Hayley Watson-Greaves to meet the needs of serious dressage riders. Developed with a deep, but unrestricting seat to aid the rider's communication with the horse as well as a tree with an open head and slightly rearward position for free movement of the horse's shoulders without trapping the trapezius muscle, allowing the horse to 'lift' under the rider. A shock absorbent panel and a super-soft seat is standard.

Sizes 17", 17½" & 18"

Applications Dressage, Flatwork

BLACK SALA

Ozelle

An all new Mono Flap Dressage saddle from Ideal. Featuring a shorter pointed more petite saddle tree offering a European style open seat. The Ozelle comes complete with a cupped K3 roll and bag panel design which combined with its mono flap gives the rider a really close contact feel.

Sizes 16½", 17", 17½" & 18"

Applications Dressage, Flatwork

RANCH BLACK SALA MILITARY

Suzannah Mono Flap

Building on the success of our best-selling Suzannah Twin Flap the Mono Flap offers all the benefits of the Suzannah with the addition of a closer contact seat and leg position offered by its mono flap and bag panel design. Manufactured as standard out of the very highest quality supple leather the Suzannah Mono Flap is a fantastic addition to our dressage range.

Sizes 16", 16½", 17", 17½" & 18"

Applications Dressage, Flatwork, Training
